

## 495 NEXT Project Lane Closures and Traffic Changes

For September 19 - September 23, 2022

The following construction-related lane closures and traffic changes are planned to occur in the I-495 Express Lanes Northern Extension (495 NEXT) project corridor. Travelers should expect potential delays when traveling in this area, and are encouraged to visit [511virginia.org](http://511virginia.org) for current information on travel conditions and work zones in Virginia. All construction-related work and closures are subject to change based on weather and other factors.

### Upcoming Highlights

- Nighttime multi-lane closures on I-495 North and South.
- Daytime single lane closures on I-495 North and South.
- Daytime and nighttime single lane ramp closures and narrowed I-495 interchange ramps.
- Nighttime single lane closures on Georgetown Pike Bridge over I-495.

---

### Lane Closures

#### I-495 (CAPITAL BELTWAY)

##### **I-495 North and South between George Washington Memorial Parkway and Old Dominion Drive**

*Monday, September 19, through Thursday, September 22, 10:00 a.m. to 3 p.m.*  
Single right lane closures on northbound I-495 between Georgetown Pike and George Washington Memorial Parkway for clearing work near sound walls.

*Monday, September 19, through Wednesday, September 21, 10 p.m. to 5 a.m.*  
Alternating right and left double and triple lane closures on northbound I-495 between Old Dominion Drive and the George Washington Memorial Parkway for structure support work at the Georgetown Pike Bridge.

*Tuesday, September 20, through Friday, September 23, 10 p.m. to 5 a.m.*  
Alternating right and left double and triple lane closures on southbound I-495 between the George Washington Memorial Parkway and Old Dominion Drive for structure support work at the Georgetown Pike Bridge.

##### **I-495 North and South at George Washington Memorial Parkway**

*Wednesday, September 21, through Thursday, September 23, 10 p.m. to 5 a.m.*  
Alternating right and left single lane closures on the exit ramp from I-495 South to eastbound George Washington Memorial Parkway for shoulder strengthening work.

### **I-495 North and South at Georgetown Pike**

*Monday, September 19, through Thursday, September 22, 9:30 a.m. to 2:30 p.m.*  
Single left lane closures on southbound I-495 at the Georgetown Pike Bridge to support bridge work.

*Wednesday, September 21, through Friday, September 23, 10 p.m. to 5 a.m.*  
Alternating right and left single lane closures on the exit ramp from I-495 North to Georgetown Pike for shoulder strengthening work.

### **GEORGETOWN PIKE INTERCHANGE**

#### **Georgetown Pike Bridge over I-495**

*Monday, September 19, and Tuesday, September 20, 10 p.m. to 5 a.m.*  
Alternating right and left single lane closures on westbound Georgetown Pike Bridge over I-495 for restriping.

---

## **Traffic Changes**

### **George Washington Memorial Parkway West at I-495**

*Reminder:* The ramp from westbound George Washington Memorial Parkway to southbound I-495 (Capital Beltway) was reduced from two lanes to one lane to make room for a construction vehicle haul route that will be separated from traffic by a physical barrier. This traffic change will be in effect throughout construction on the 495 NEXT project. [Learn more about the traffic change here.](#)

### **I-495 Interchange Ramps**

Several interchange ramps in the project corridor have been or will be narrowed to allow for daytime and nighttime shoulder strengthening work. The ramps will be narrowed for most of September.

Ramps that will be narrowed include:

- Ramp from westbound George Washington Memorial Parkway to I-495 South
  - Ramp from I-495 North to eastbound George Washington Memorial Parkway
  - Ramp from I-495 North to Georgetown Pike
  - Ramp from westbound Dulles Toll Road to I-495 North
- 

## **Project Background**

The I-495 Express Lanes Northern Extension (495 NEXT) project will extend the existing 495 Express Lanes north by two-and-a-half miles from the Dulles Corridor interchange to the George Washington Memorial Parkway interchange in the vicinity of the American Legion Bridge. The project will provide new and improved

connections at the Dulles Corridor and George Washington Memorial Parkway.

Other project benefits include four miles of new bicycle and pedestrian connections including a shared-use path parallel to I-495 from Lewinsville Road to near Live Oak Drive, replacement or rehabilitation of seven bridges with pedestrian accommodations, replacement of nine existing noise walls and construction of a new noise wall, environmental improvements introducing stormwater management facilities and funding restoration of the stream at Scotts Run, and dedicated funding to support transit improvements in the corridor including new bus service over the American Legion Bridge.

*495 NEXT is a public-private partnership project between the Commonwealth of Virginia and Transurban, operator of the existing 495 Express Lanes. Lane Construction is the design-build contractor for the project. The new extended lanes are scheduled to open in 2025.*
